Article Guidance

Article Text

The information in this article contains billing, coding or other guidelines that complement the Local Coverage Determination (LCD) for Respiratory Therapy (Respiratory Care) L34430.

Therapeutic procedures whose principle aim is to treat a respiratory impairment should be identified using the G0237-G0239 series of HCPCS codes. CPT® codes 97000 to 97799 are not to be billed by professionals involved in treating respiratory conditions, unless these services are delivered by physical or occupational therapists and meet the other requirements for physical and occupational therapy services.
